

Dear Lemka Izmailova,

Thank you for the unique chance to discuss such an important topic with Russian and international colleagues in such an amazing place like Grozny. The seminar gave the opportunity to get a systematic view on the quality assurance issues, to learn about best practices in this sphere and to see the position of Russian education in the integration process. The information presented at the seminar was of great interest for me not only because of the accreditation review issues. It will also help me improve the contents of the study course «Quality assurance management» that I teach as part of the Master's program. Moreover, I'm greatly impressed by the teaching staff in the Chechen State University, their cordiality and hospitality and by gorgeous beauty of the Chechen Republic that is forever in my heart.

Yours sincerely,

Marina Frolova

Many thanks for hospitality and kindness to our delegation.

It's a great honor for us to be adopted to the family of Russian experts.

I want both of us to make a next step to cooperation and invite you to our annual conference that will be held on 15-16 December in Erevan.

The week 12-16 December is traditionally "A Week of Quality" in Armenia. There will be working meetings in Armenian HEIs, discussions devoted to quality assurance improvement and sharing experience. I think it will be interesting for you. I hope for your consent and vivid interaction.

Million thanks!

Ruben Topchyan, Director, ANQA, Armenia
